Summary of Legislation: (Amended) This bill specifies that with respect to an annexation initiated by all property owners of the area to be annexed: (1) the municipality must give notice of the hearing at least 20 day before the hearing; (2) a remonstrance may not be filed; and (3) the annexation takes effect at least 30 days after the annexation ordinance is published. The bill authorizes the town of Avon in Hendricks County to annex territory if the territory is contiguous to the town, if the entire territory is located in the township within which the town is primarily located, and if the owner of the territory consents to the annexation. It provides that the date on which an annexation ordinance takes effect must be at least 90 days after the ordinance is published and filed. The bill also provides that if a municipality decides not to continue with an annexation after the court determines that a remonstrance against the annexation is sufficient, the municipality may not make further attempts to annex the territory during the four (4) years after the date the municipality determined not to continue the annexation.

Effective Date: July 1, 2001.

Explanation of Local Expenditures: (Revised) If an ordinance is not introduced by the legislative body within 60 days of filing a petition, a duplicate petition may be filed. A remonstrance may not be filed, if 100% of all land owners of the territory to be annexed sign the petition. These provisions would speed up the time period that an ordinance may be adopted to approve annexation.

When territory is annexed, services are to be extended to that territory. The extension of services to this new territory would create additional expenditures for the municipality. If annexation does not take place, then the municipality would not have to make these expenditures. Generally, annexation of territory into a

municipality increases the property tax base. The taxpayers of the newly annexed areas usually experience a rate increase in property taxes, while existing taxpayers of the municipality may experience a rate reduction.

With respect to an annexation of certain territories, the municipality would be required by the bill, to give a one time publication notice, at least twenty days before a hearing on annexation of the territory in question.

Under P. L. 64-1995, basic publishing charges are by the line with squares of 250 ems. Before January 1, 1996, the rate was three dollars and thirty cents (\$3.30) per square for the first insertion in a newspaper or qualified publication plus one dollar and sixty-five cents (\$1.65) per square for each additional insertion in a newspaper or qualified publication. After December 31, 1995, and before December 31, 2005, a newspaper or qualified publication may, effective January 1, increase the basic charges by five percent (5%) more than the basic charges that were in effect during the previous year. However, the basic charges for the first insertion of a public notice in a newspaper or qualified publication may not exceed the lowest classified advertising rate charged to advertisers by the newspaper or qualified publication for comparable use of the same amount of space for other purposes. An additional charge of fifty percent (50%) is allowed for the publication of all public notice advertising containing rule or tabular work.
